TESTIMONIAL

I Nikhil Gupta Director at AMBE Group, India's leading wheat flour manufacturer, would like to give my testimonial to Puneet Sharma, director of AGV Alfab Ltd, manufacture of premium residential as well as commercial doors and windows

I was renovating my house and I wanted noise free solution for my windows. When I contact Puneet, he came to my house, understood my requirement and gave his personal suggestions for the same with regards to the thickness of the glass as per utility as well as the type of window to be used at various Location. I wanted the window to be installed within 20 days, his service staff was very prompt and the delivery and installation was done before the agreed date, which has left me very impressed because no other vendor was ready to deliver the security glasses in this time frame.

I would definitely recommended Puneet and AGV Alfab to all my friends and relatives his wooden finish window look absolutely stunning and totally soundproof. I can indeed say with AGV Alfab, You sleep like baby, you deserve it.
