TESTIMONIAL

I, Nikhil Gupta, Director at Ambe Group, India's leading wheat flour manufacturer, would like to give my testimonial to Punit Sharma, Director at AGV Alfab Ltd., manufacturer of premium residential as well as commercial doors and windows.

I was renovating my house and I wanted noise free solutions for my windows. When I contacted Punit, he came to my house, understood my requirements and gave his personal suggestions for the same with regard to the thickness of the glass as per utility as well as the type of window to be used at various locations. I wanted the windows to be installed within 20 days, his service staff was very prompt and the delivery and installation was done before the agreed date, which has left me very impressed because no other vendor was ready to deliver the security glasses in this time frame.

I would definitely recommend Punit and AGV Alfab to all my friends and relatives. His wooden finish windows look absolutely stunning and are totally soundproof. I can indeed say that with AGV Alfab, you **Sleep like A Baby, You Deserve it.**
